## **Other Services provided at Resource Centre: Aim & Objectives: To deal with other associated problems of LD.**

- ADD & ADHD Clinic: Children with attention problem are referred for medical assessment. For such children, team of experts is available which includes homeopath doctors, pediatrician and behavior therapist. Diagnosed children undergo treatment and continuous follow up sessions. Children from out-reach schools as well as resource Centre are benefited. During this period 5 students were benefited. [With follow up sessions]
- Behavior Therapy: AMF has started this service for the children with behavioral problems. During this period 6 students were benefited. [With follow up sessions]
- Home Plan System: AMF has started this service for the students who required remedial classes but couldn't attend it regularly due to 'distance' problem. In this system we train the students as well as parent. {About the execution of the plan} During this period 5 students were benefited. [With follow up sessions]

## **RC Activities / Workshop for students and parents:**

Various activities were conducted during this academic year for the children attending resource center.

Outcome of these activities:

- ✚ Parents' and students' interactions among themselves and also with all the teachers have increased.
- ✚ Remedial teachers got an opportunity to observe children in social atmosphere.

## **Nigdi Centre: An achievement of this year!**

We thank Jananaprabodhini for providing us space for our program. We have restarted [Nov.2011] catering to children in PCMC area through our centre. During the period of 1<sup>st</sup> Nov. 2011 to 31<sup>st</sup> May 2012\_total 6 students were benefited. Till the date number has increased to 12 and 5 students are in the waiting list.

**Students coming at Centre**

**Activities for students at Nigdi Centre:** Various activities were conducted during this academic year for the children attending resource center.

### **The Challenge Faced by us in Nigdi Centre**

*The biggest challenge at present for us is the 'space problem'.*

*We have a room for the program but with the increased number of students this space is not sufficient. We look forward for suggestions & help in this matter.*
